

DISTRICT EIGHT

10.46 N 106.42 E

VIỆT NAM

MADE IN SÀI GÒN

District Eight is a furniture brand established in 2010 amidst the bustling streets of Sài Gòn, Việt Nam. The name refers to one of the city's 24 districts, in the heart of which the first humble factory and office was set up. District Eight designs and crafts products that tell a unique story to Việt Nam with a confident take on contemporary living and an understanding of modern elegance.

**WE DESIGN AND CREATE QUALITY FURNITURE
INSPIRED BY VIETNAMESE HERITAGE.**

Carefully crafted and delivered to high-quality standards, District Eight's defining signature comes from its innate passion and commitment to elevate workmanship, refining aesthetics, and reframing functionality. The connection to the rich cultures and heritage of the land inspires a continuous exploration of techniques and solutions that bring authentic ideas and premium materials to life.

From the initial concept to development, from the artisan's touch to the meticulous production, District Eight seeks to blend global insights with the tradition of dedicated craftsmanship in Việt Nam through every considered detail. Since 2010, our distinctive designs have propelled beyond domestic borders to the global stage – inspiring international recognition and becoming synonymous with Việt Nam's creative energy.

Crafted From Ideas

The inspiration of District Eight often comes from pre-contemporary architecture, as it appears that until the middle of 20th century, furniture and objects were designed with a sense of purpose by architects themselves, rather than being mere disposable decoration.

Made, Manufactured, Crafted

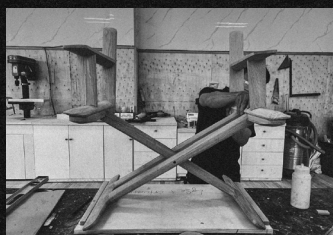

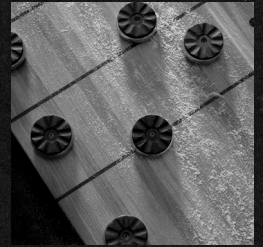

The ethos of District Eight design and production was established early on. Our products are made to be used reliably and to be durable through wear and tear, just like industrial tools or workwear would. This level of quality can only be achieved with the right balance of machinery and crafty hands.

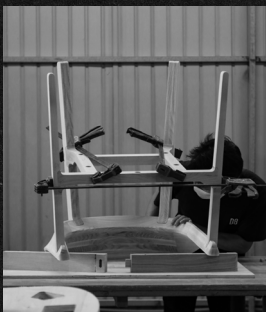

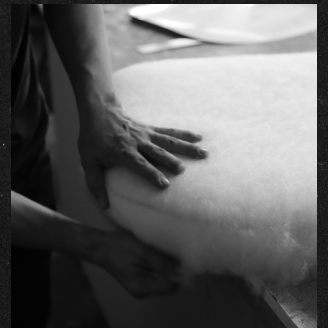

Craft As Past, Present & Future

Our spaces are conceived to convey subtle elements of lifestyle. By working with rich textures, tonal color schemes, and curated artworks, District Eight aims at offering a unique experience, about craft and livability.

As the creative industries and the local environment evolve, District Eight has also made strides into new creative expressions and crafts. The approach is developed especially for contemporary spaces, where private and public norms are converging.

BUOM

*Designed by
Jean-Marie Massaud*

BUOM reinvents a familiar archetype with sophistication.

This solitary Lounge chair combines the elegance of suspended comfort with the sensuality of a robust structure. Its leather seat is moulded after the silhouette of full-blown sails, known as *buồm*, in Vietnamese traditional boat, and through expert craftsmanship, appears as if it's only touching the slanted legs. The solid oak frame enhances its sturdy support, with cross stretchers forming a visual dynamic with the seat's undulating lines.

BUOM is the timeless companion that embodies our demands for lightness and refinement.

" I LOVE THE ELEGANCE OF LIGHT THINGS."

BOW

*Designed by
Monica Förster*

BOW intrigues and enchants with a seat that appears to float. Its curved, inviting lines create the feeling of an Asian roof tile when many chairs are put together. Highly crafted precision gives the design an air of lightness, with tapered legs and curvilinear stretchers composing its soft, elegant profile. The backrest and seat follow an embracing, upholstered contour that eases the body into relaxation.

Finely sculpted solid oak defines the chair's material warmth, and underlines its contemporary sophistication.

ORA

*Designed by
Ina Rinderknecht*

Inspired by the soft, subtle hues and shapes of traditional Asian celadon ceramics, ORA exudes a quiet yet undeniable elegance and presence. The egg-shape marble top, paired with rich solid oak, creates a striking combination that radiates both warmth and refinement. Its modern, organic shape effortlessly complements both contemporary and classic interiors. The detachable Lazy Susan allows for easy sharing and serving, or can also be used for the table's centrepiece. The distinctive pedestal base, enveloped in oak, elevates ORA from mere furniture to a true work of art.

ODETTE DESK
Dark Seared Oak

NÔM

Nôm is inspired by the calligraphy brushstrokes in *chữ Nôm*, a Vietnamese script of vernacularized Chinese characters once widely used by the country's learned class prior to the 20th century. The chair's frame is sculpted from solid oak, with fluid yet firm lines drawn from the balance and rhythm of ink flow. Joints are hand-sanded to create the aesthetic effect of seamless transitions. Refined textile upholstery rounds off its well-balanced seat, whose sense of grounding is comfortably felt from every angle.

ODETTE

DESK

Where pure tactility can be felt in all immersive details, the Odette desk adopts the distinctness of its namesake collection to a new size, perfect for a private study or compact workspace. Its frame is crafted from solid oak, featuring stretchers interlocked in a composition that references the enduring structure of wood beams and columns in traditional Eastern architecture. Drawers add to its relaxed utility, where ease of use and natural elegance come together through expert craftsmanship.

NEN

Named after the Vietnamese word for “foundation”, our new storage collection is rooted in utilitarian and meticulous simplicity. With lines pared down to the minimal, the design takes on a calm, monolithic silhouette. A raised rectilinear platform composes NEN'S distinct visual profile, also the basis for its stability. Inner compartments built from sycamore offer a fine-grained color contrast with the solid oak finishes on the frame. Metal handles texturally juxtapose with the warm materiality of woods, and further highlight the design's symmetrical harmony.

INUMBRA SHELF
Ebonized Oak
Antique Nickel

BAGUA SOFA
Sila Fog
Dark Seared Oak

BAGUA LOUNGE CHAIR
Sila Fog
Dark Seared Oak

FAIFO COFFEE TABLE
Burned Fir

BAGUA

Our new sofa collection is inspired by the ancient diagram of *bagua*, in which the relationships of yin and yang are illustrated through symbols arranged in octagonal formations. An eight-sided oak base underpins the sofa's grounded structure. With full upholstery enfolds its enveloping contour, the seat bestirs plenitude of comfort. Perfect for intimate nooks or modest spaces, BAGUA casts a strong, graceful presence that blends well with contemporary decorations and lifestyles.

FAIFO

COFEEE TABLE

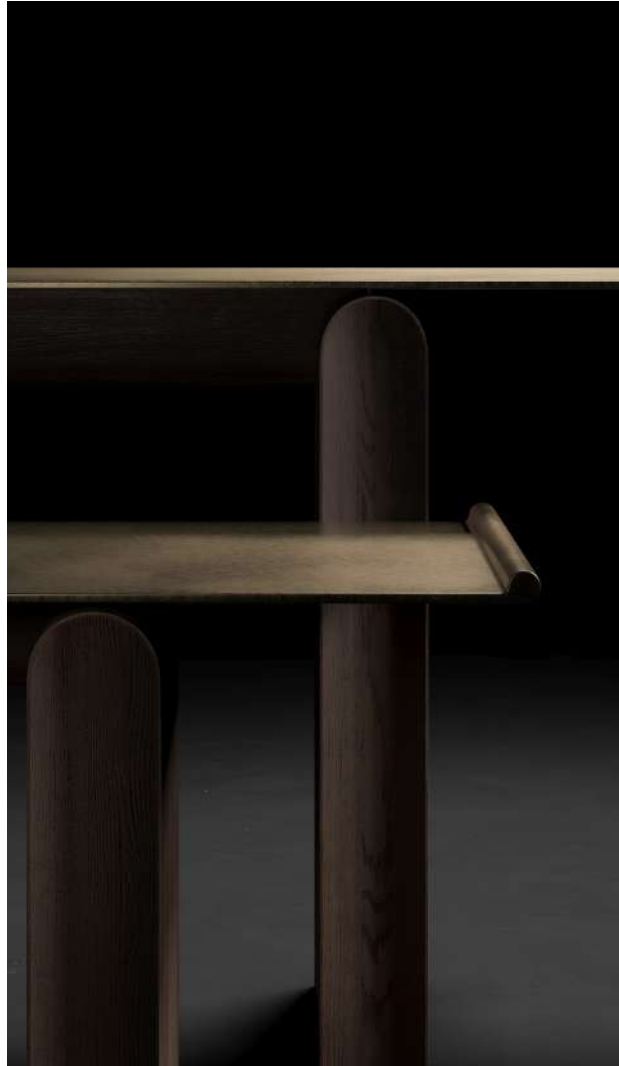

The new Faifo variant is understated yet characterful. Perfect for commodious interiors, its sizable top provides a pleasing canvas to arrange more of your everyday objects. The hand-finished wood frame features three wings of legs, intriguing to behold from any angle. Made from solid oak or fir, it fully embraces the warm and natural beauty of wood grains. Available in a variety of color finishes and size variants, the collection brings in inspired possibilities tailored to your taste and needs.

TONKIN

CONSOLE

Our Tonkin console now comes in two new variants. Proportioned to offer more versatility for interior stylings, they expand on the original design's silhouette which references traditional temple gates in East Asian cultures. The console's minimal contour artfully blends curves and straight lines, subtly pronouncing the beauty of well-honed materials. Refined joinery lends it an air of lightness, where the hand-polished steel top appears to gently rest on the sculpted, solid oak base.

**DESIGNER
COLLABORATIONS**

JEAN-MARIE MASSAUD

District Eight's distinction as a forward-thinking and detail-focused maker of Vietnamese contemporary design has piqued the interest and imagination of some of the world's leading designers. Their collections amalgamate craft and culture into life-enhancing designs, whereby tactile values and emotional connection are as invested as visual originality. More than a shared passion for technical excellence, these collaborations express our deep engagement with the rich heritage of Asia and its reinterpretation through the inventive language of design.

"Easy + Chic x Light + Robust x Trendy + Evergreen."

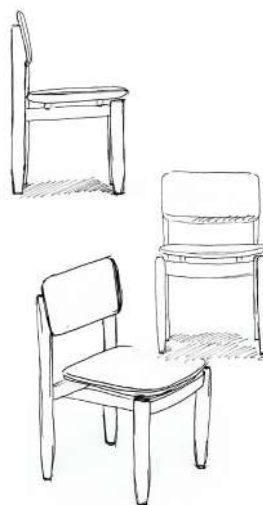

"I love the elegance of light things."

MONICA FÖRSTER

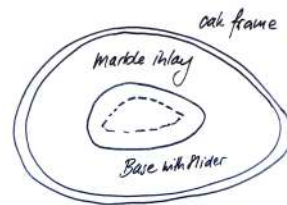

"The idea with the chair has been to communicate the international and Asian angles mixed together."

INA RINDERKNECHT

"ORA is more than just a functional piece, it's an invitation to meaningful conversations. Its presence strikes the perfect balance – neither overly feminine nor too imposing. Combining luxury, functionality, and timeless design, this table is a true statement of traditional craftsmanship and style."

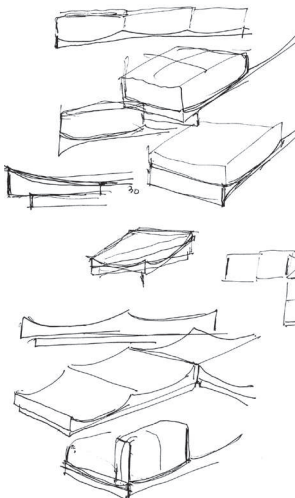

TOAN NGUYEN

"If Joss conceals details that attract the eye and the hand without ostentation, it is harmony and serenity that prevail."

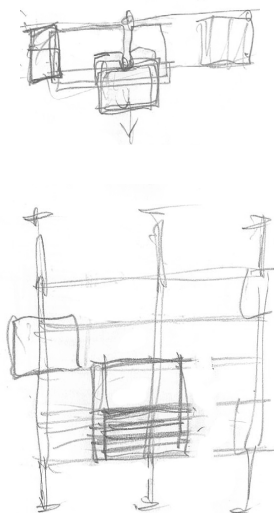

"Stilt is the result of a quest for harmony in contrast."

MICHELE DE LUCCHI

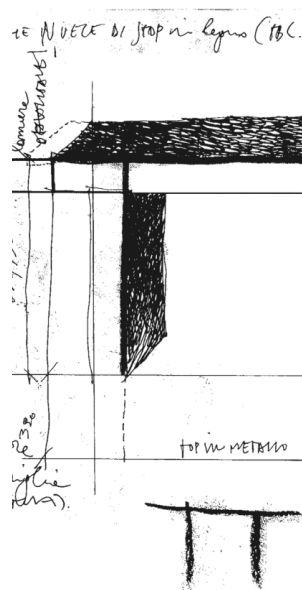

"In District Eight, I recognize a design attitude that's very typically Italian towards high quality products – the result of a perpetual curiosity towards technical possibilities, a deeply rooted humanistic sensibility and a strong innovative undertone."

STUDIOUTTE

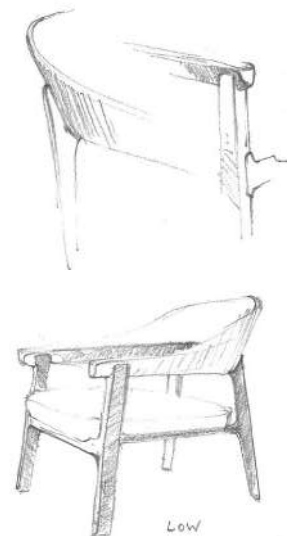

"The collection is an homage to a radical timeless elegance, suspended between Eastern influences and a minimalist approach. It aspires to silently enter the most intimate domestic spaces as if it had always been there."

ADAM GOODRUM

"A metaphorical love letter to timber craftsmanship"

DINH /zĩŋɦɦ/ – the new edition of District Eight's Games Collection – lends its name from the Vietnamese word for 'mansion,' 'villa,' or 'palace.'

In Saigon, an architectural style known as Vietnamese modernism reigned supreme during the mid-20th century. Its blend of international ideas and vernacular ingenuity still defines much of the city's urban landscapes, and inspires our latest take on the Games' table design.

Many of Saigon's modernist structures are visual stories unto themselves. Geometric patterns figure prominently on the buildings' facades. Brise-soleil, devised to mitigate exposure to the elements in tropical climate, is a common feature that also reflects the local's long-held relatedness to nature, as it generates the subtle interplay between shadow and light, interior and exterior.

The modernist principles of clean lines and minimal ornamentation are inherent in buildings' composition. However, intrinsic too are functional yet expressive arrangements of columns, louvers, beams and loggias. The overall effect is a distinct aesthetic that captures the Vietnamese sensitivity for harmony and balance.

That timeless spirit is translated into DINH, in which classic game tables are reimagined as soulful collectibles for the contemporary home. In this new edition, woodworking craft takes center stage and forms the tables' sculptural build, whose monolithic frame mirrors the elegant placement of beams and columns that characterize Vietnamese modernist structures. Handcrafted features, namely the leather net on DINH Ping Pong Table or leather edges on DINH Mahjong and Poker Tables, further highlight the collection's nuanced aesthetic.

A retelling of Saigon and its creative heritage, the DINH edition embodies District Eight's passion for elevating crafts. From the initial concept to development, from the artisan's touch to the meticulous production line, every detail is infused with intention and dedication, resulting in designs of exceptional worth and character – of which our Games collection is a prime example.

DINH GAMES COLLECTION

Foosball Table P. 59

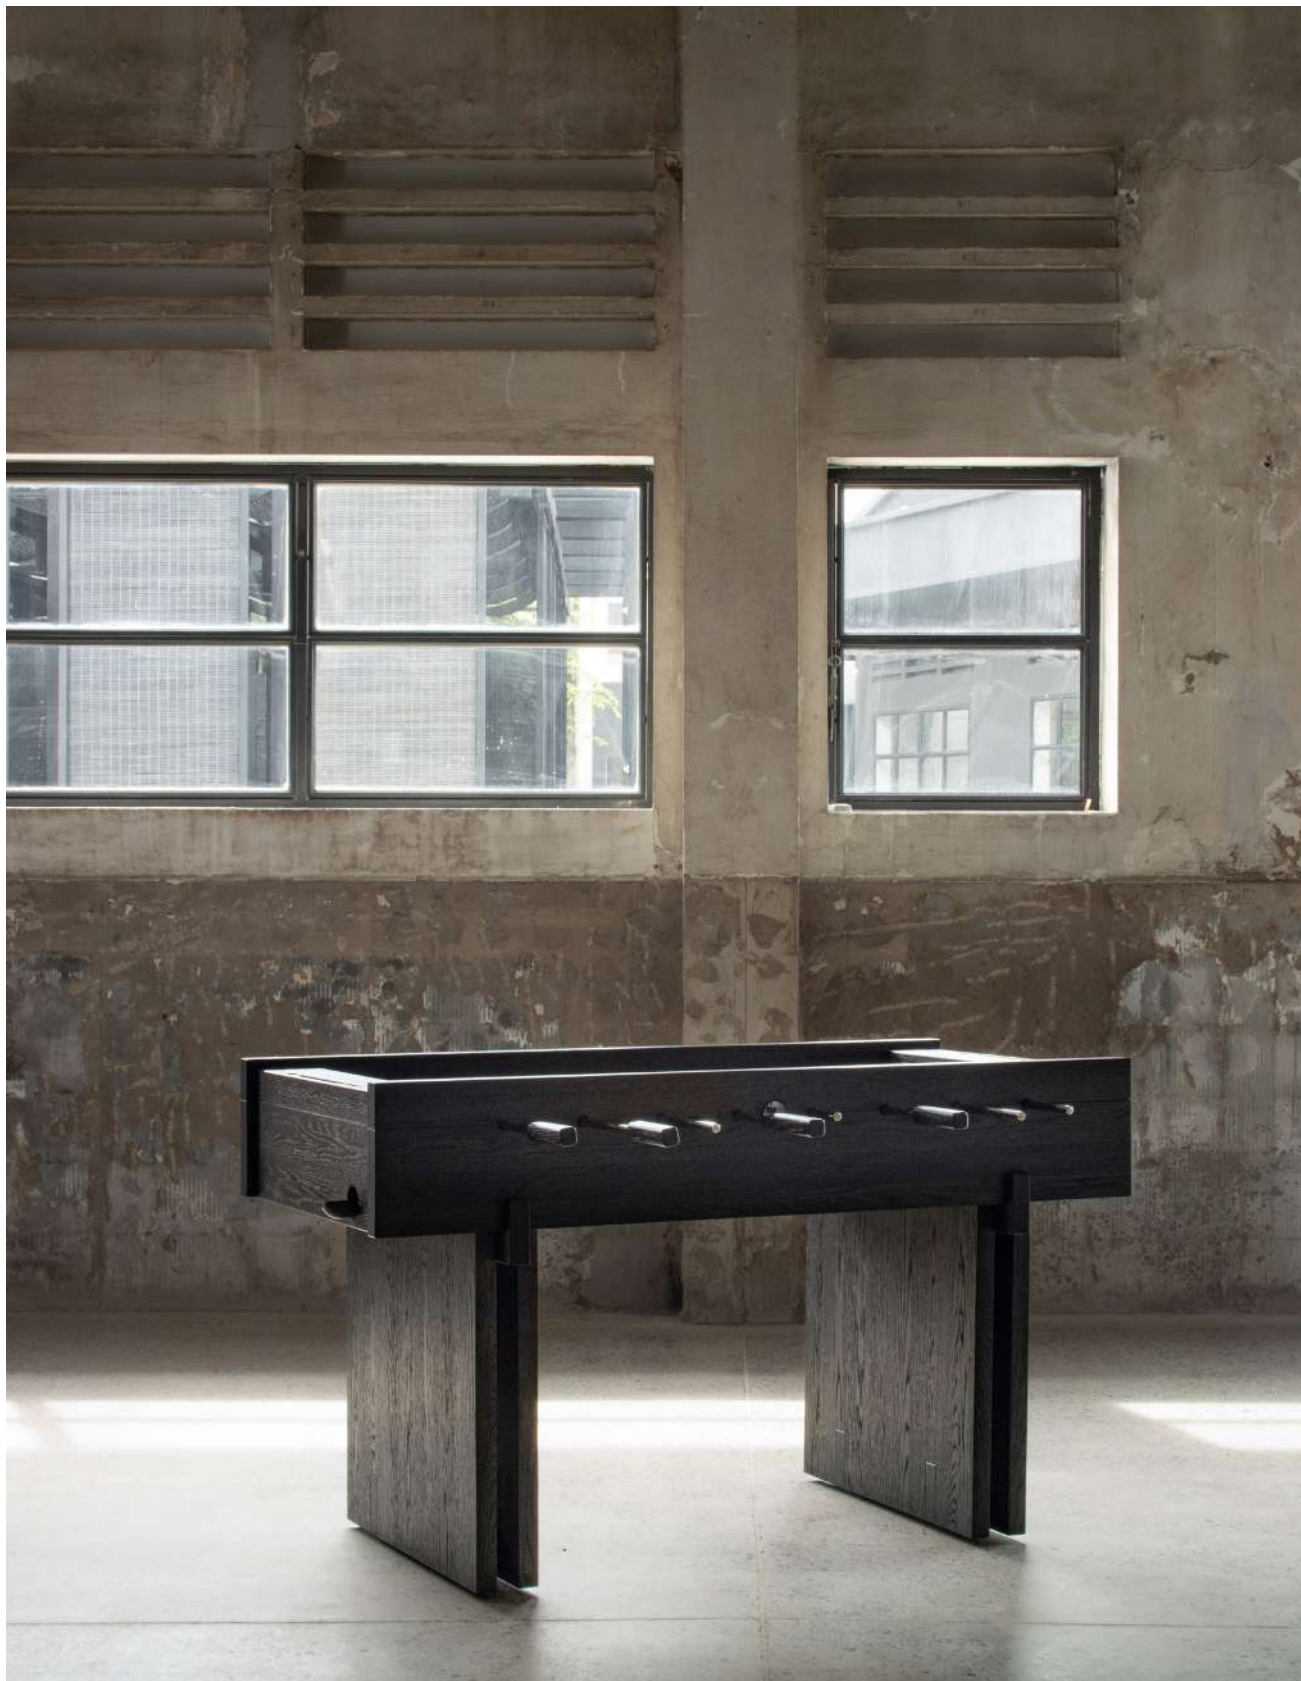

Mahjong Table P. 63

Ping Pong Table P.67

Poker Table P. 71

Shuffleboard Table P. 75

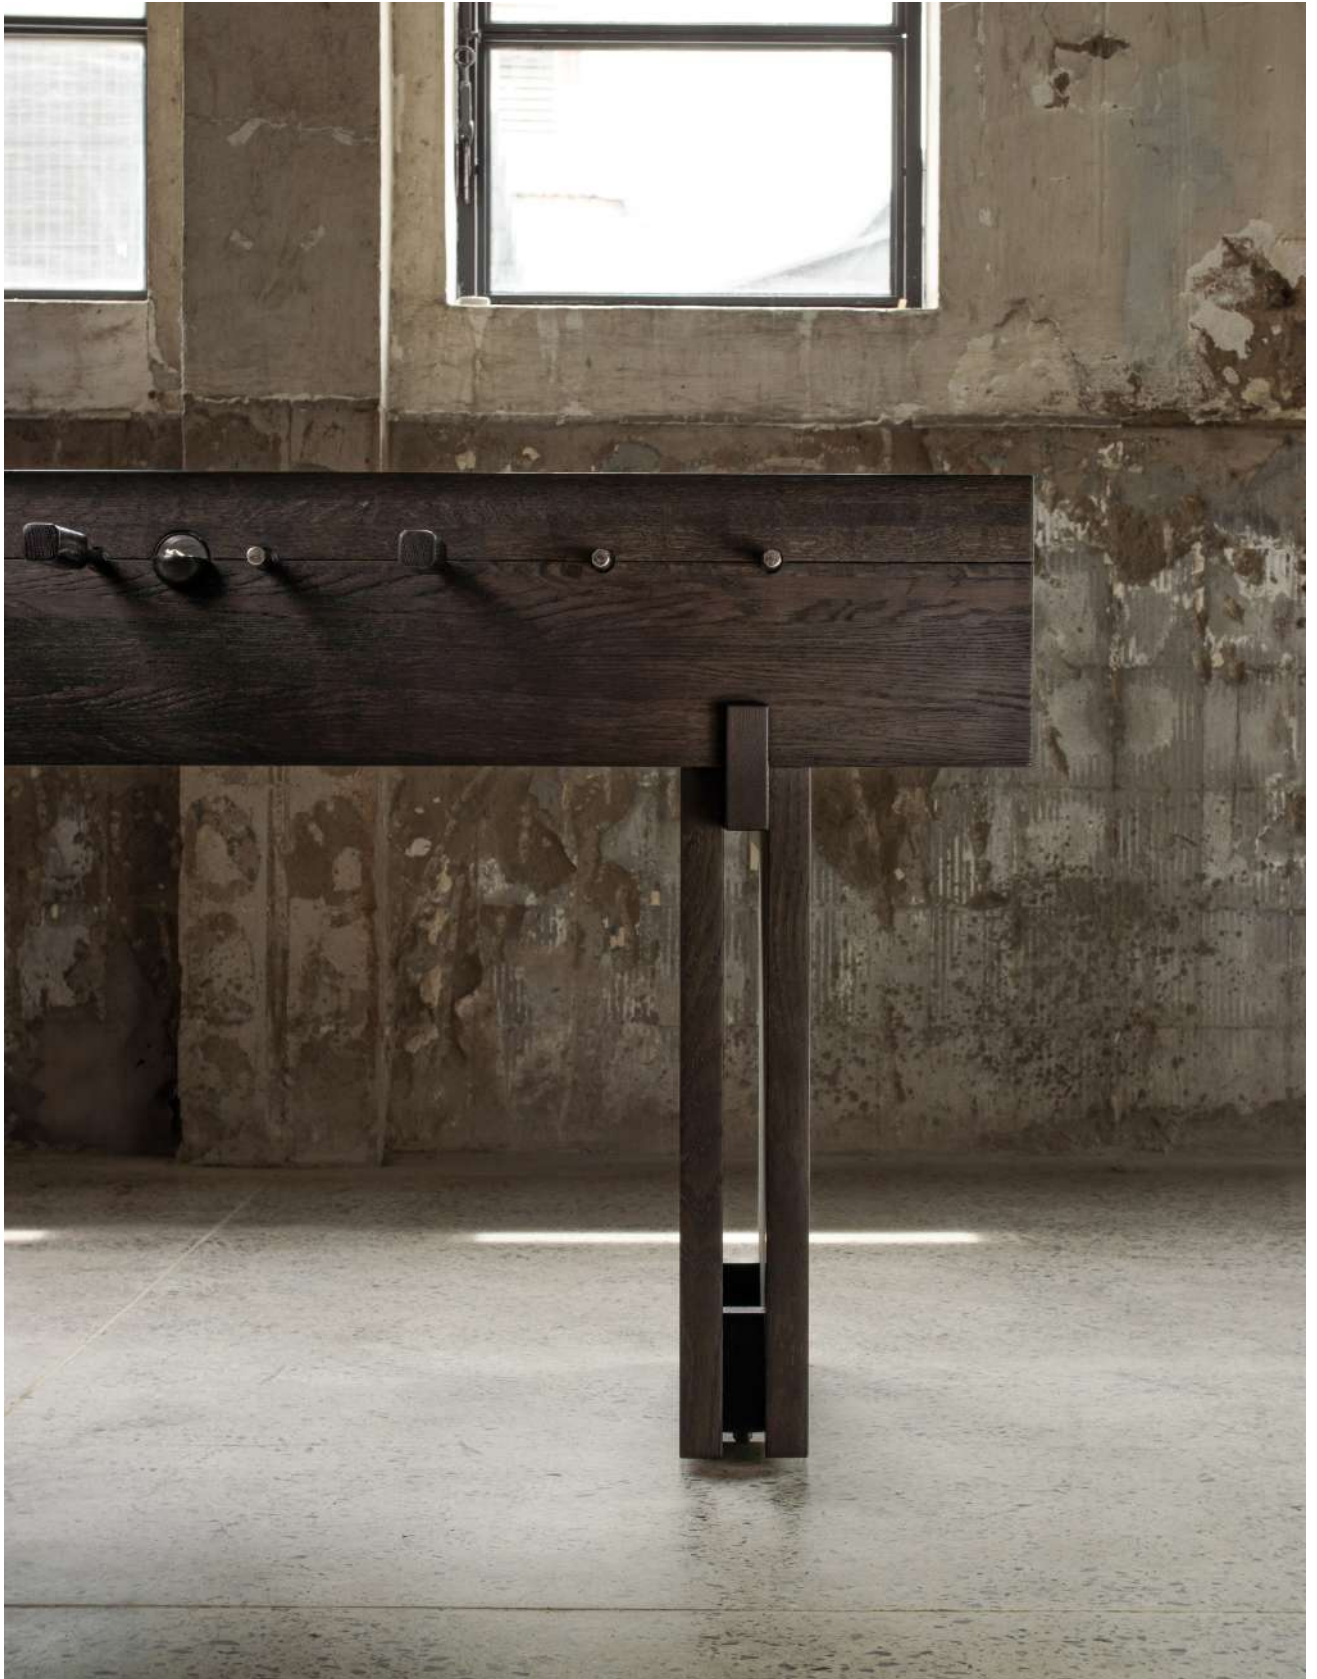

FOOSBALL TABLE

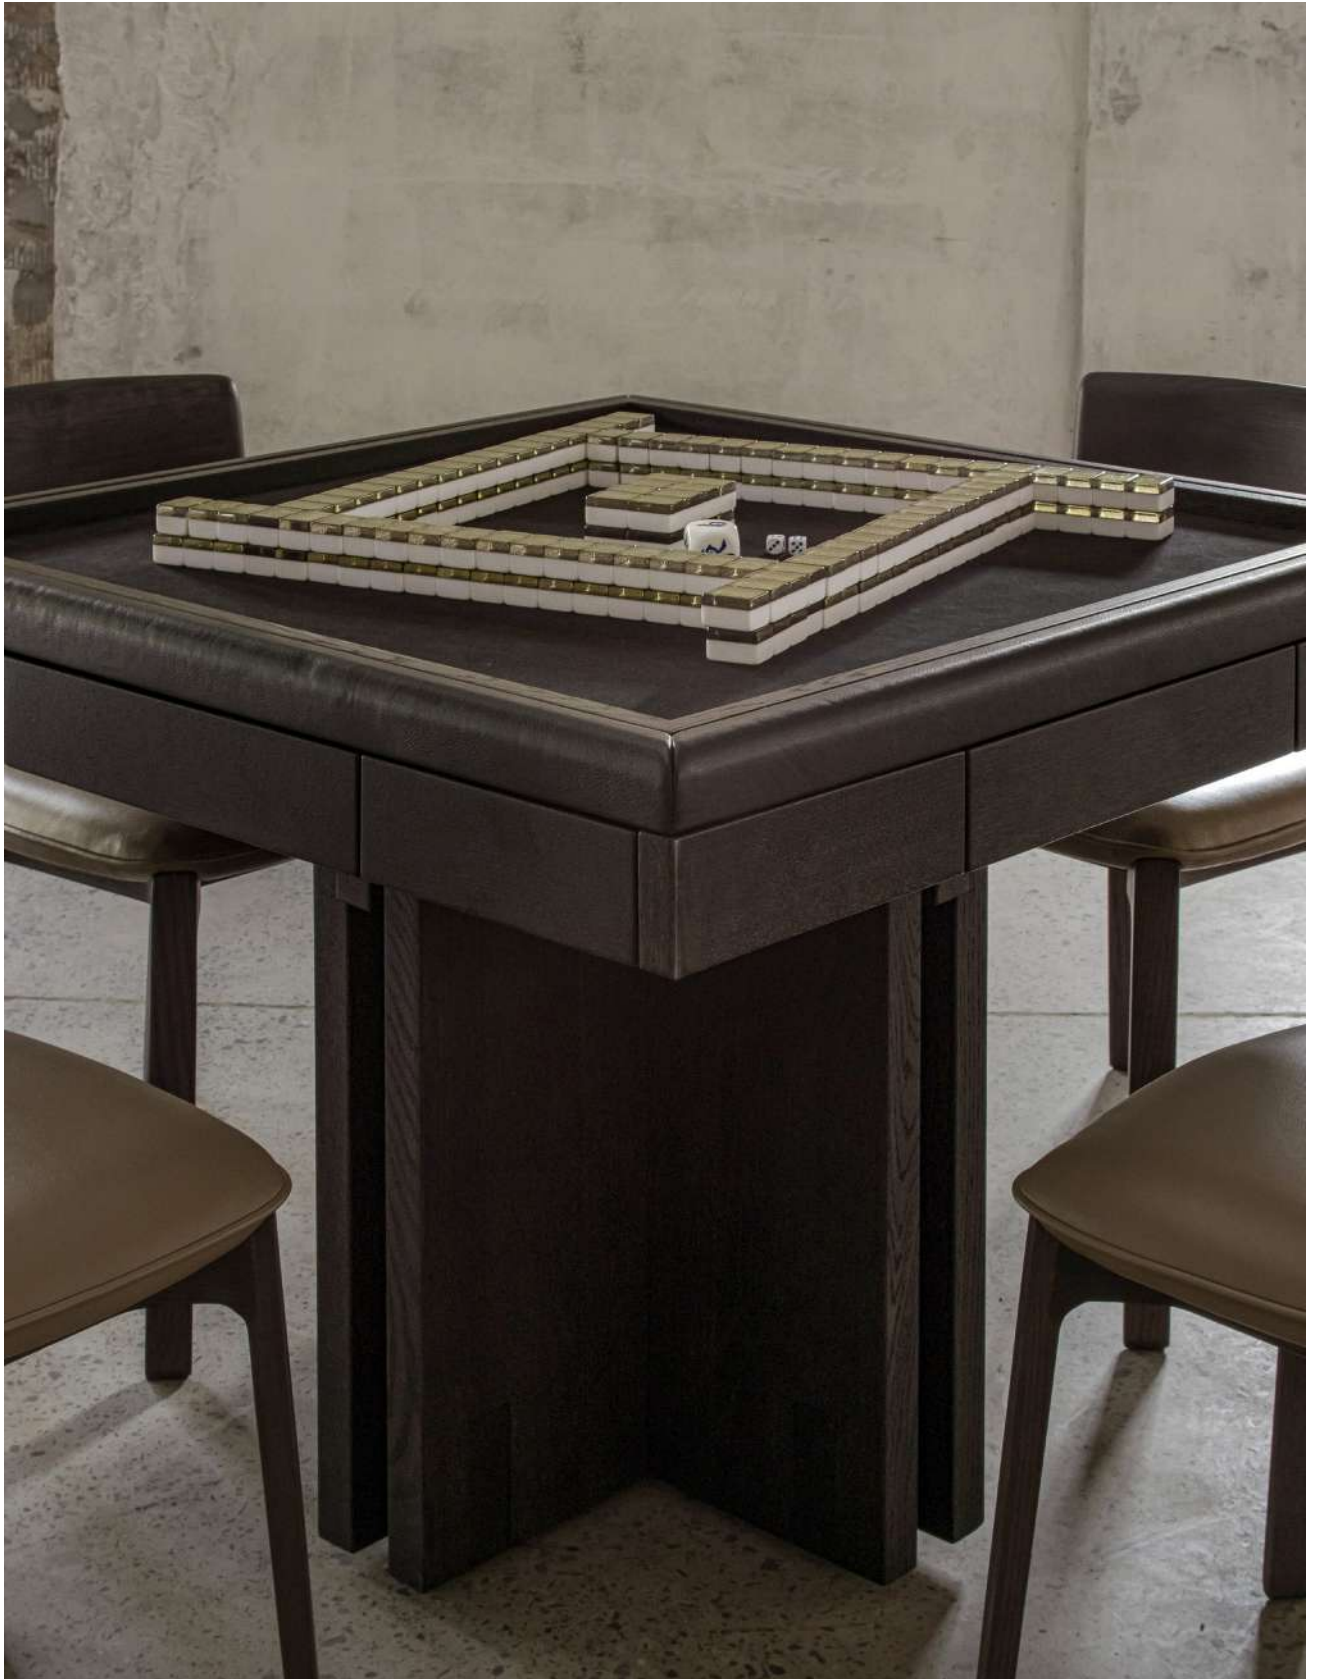

The design employs the fine skills of our woodworking craftsmen to create a sculpturally shaped table outfitted with characterful details. Its distinct frame is crafted from solid oak, with a concrete playing surface to ensure quality game time, while the steel foos-men take on a refined form with sculpted headwear inspired by Vietnamese traditional hats.

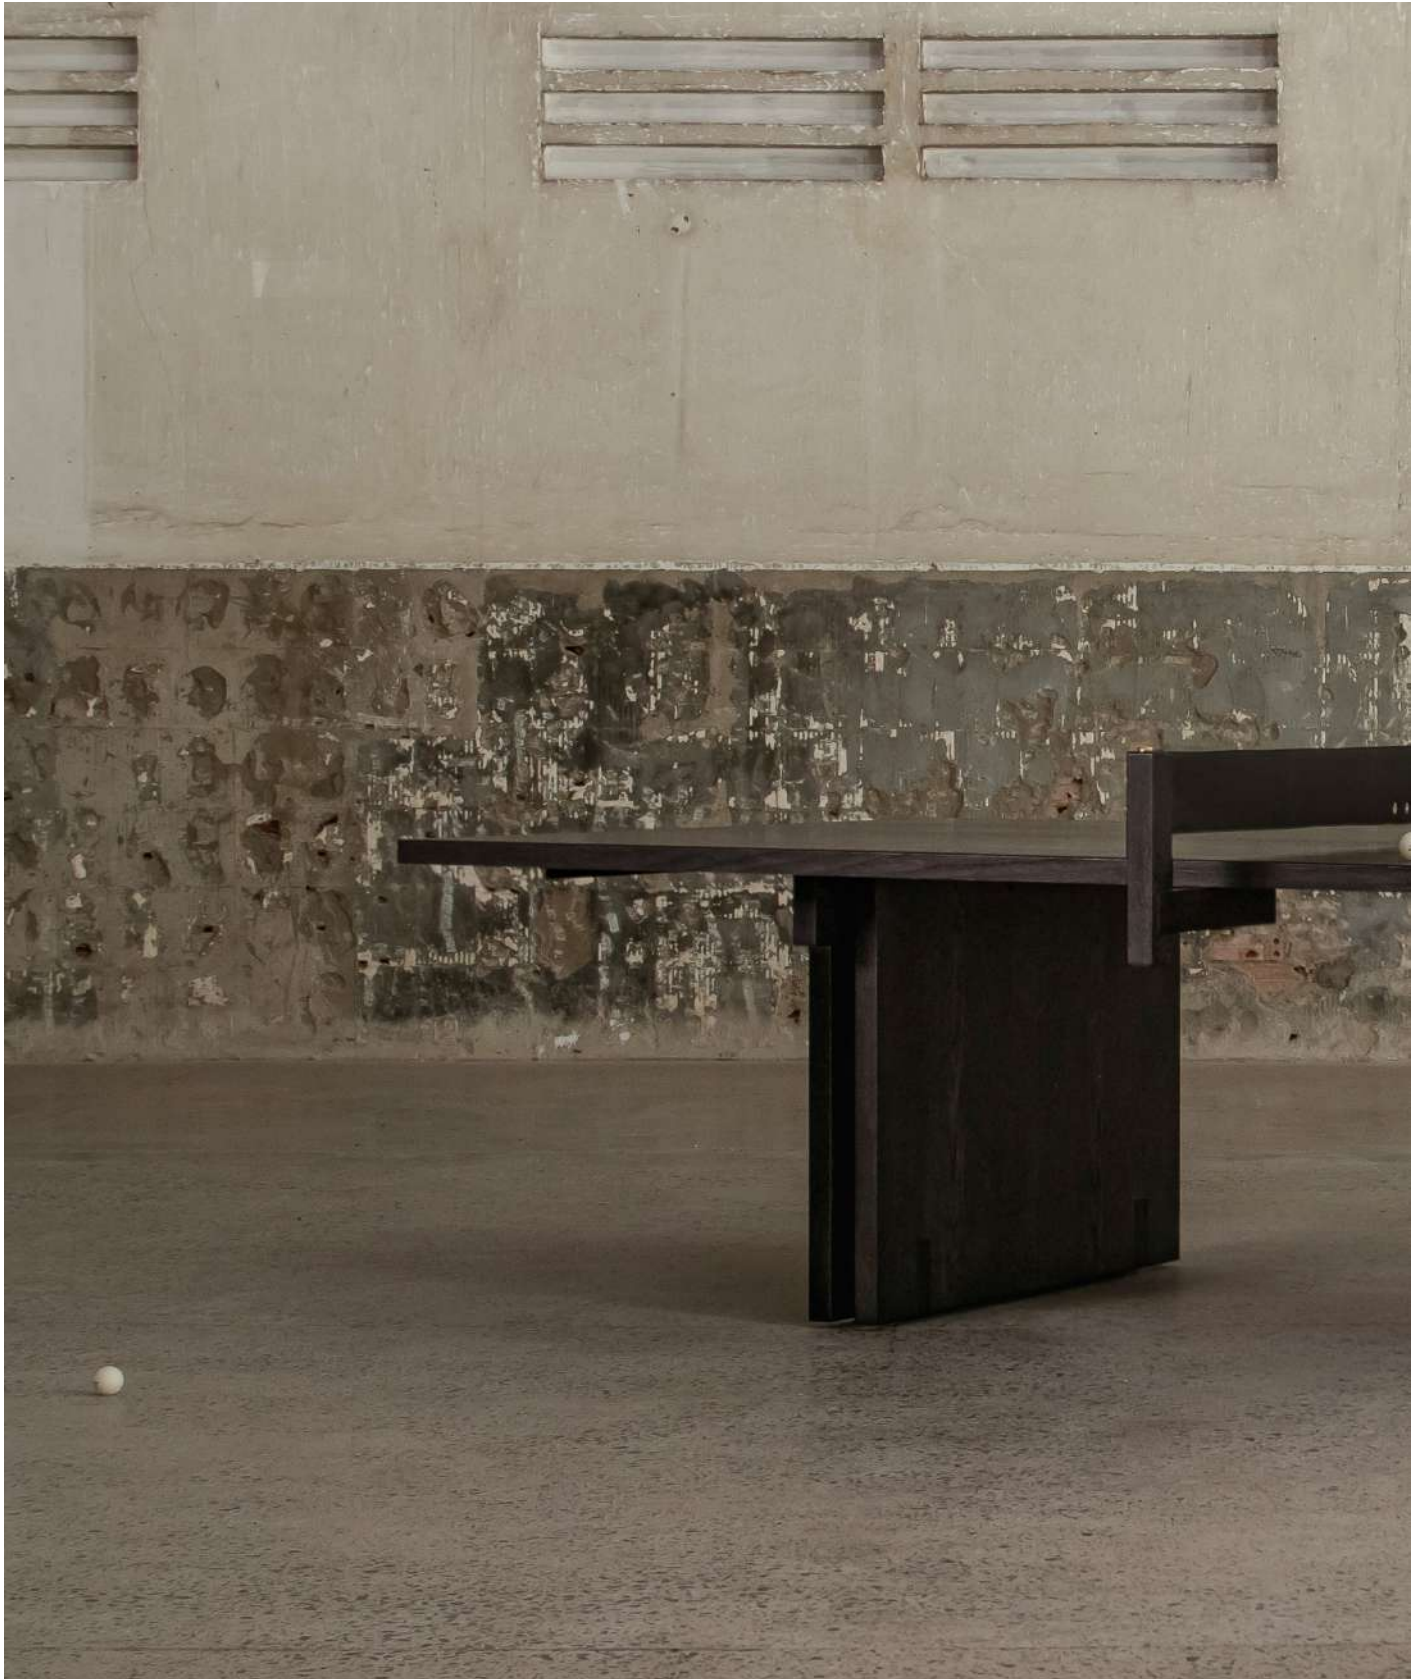

MAHJONG TABLE

Anchored in precision, the table incorporates practical features that define its depth and elegance. The softened edges are arrayed in leather, providing comfort for long, engaging play. The felt-lined surface assumes a monochromatic palette that accentuates its unifying tactility. Drawers for game pieces and drink placement add to its all-encompassing functionality.

PING PONG TABLE

Featuring a detachable leather net, it can shift from a game table to a relaxed gathering point for work or leisure. The design blends aesthetic and ease with a sense of pleasing symmetry imbued within its clean-lined, structured oak frame. Well-crafted joinery enhances the table's material modernity.

POKER TABLE

The table's well-rounded charm is derived from a balance between volume, texture and style. Its singular structure is crafted from solid oak. The tabletop's edges are overlaid with high-quality leather, while its playing surface is covered with felt fabric. These hands-on detailing adheres to a harmoniously restrained palette, and enriches the table's sophistication.

SHUFFLEBOARD TABLE

The table is a statement in robust simplicity and structural clarity. An oak board varnished with lacquer coating delivers exacting performance, with the landing surface outfitted in hand-stitched leather. Climatic adjusters are integrated underneath the tabletop to accommodate different levels of game for both casual and competitive players.

LODGE

*Designed by
Jean-Marie Massaud*

An art de vivre, the Lodge collection is a meeting of the two complementary yet demanding worlds of Massaud and District Eight; it is one of ease and sophistication met with lasting timelessness. Inspired by the concept of travel and storied voyages to Việt Nam, the Lodge collection features a series of expertly crafted folding chairs, stools, and bag holders.

"EASY + CHIC X LIGHT + ROBUST X TRENDY + EVERGREEN."

LIMEN

*Designed by
studioutte*

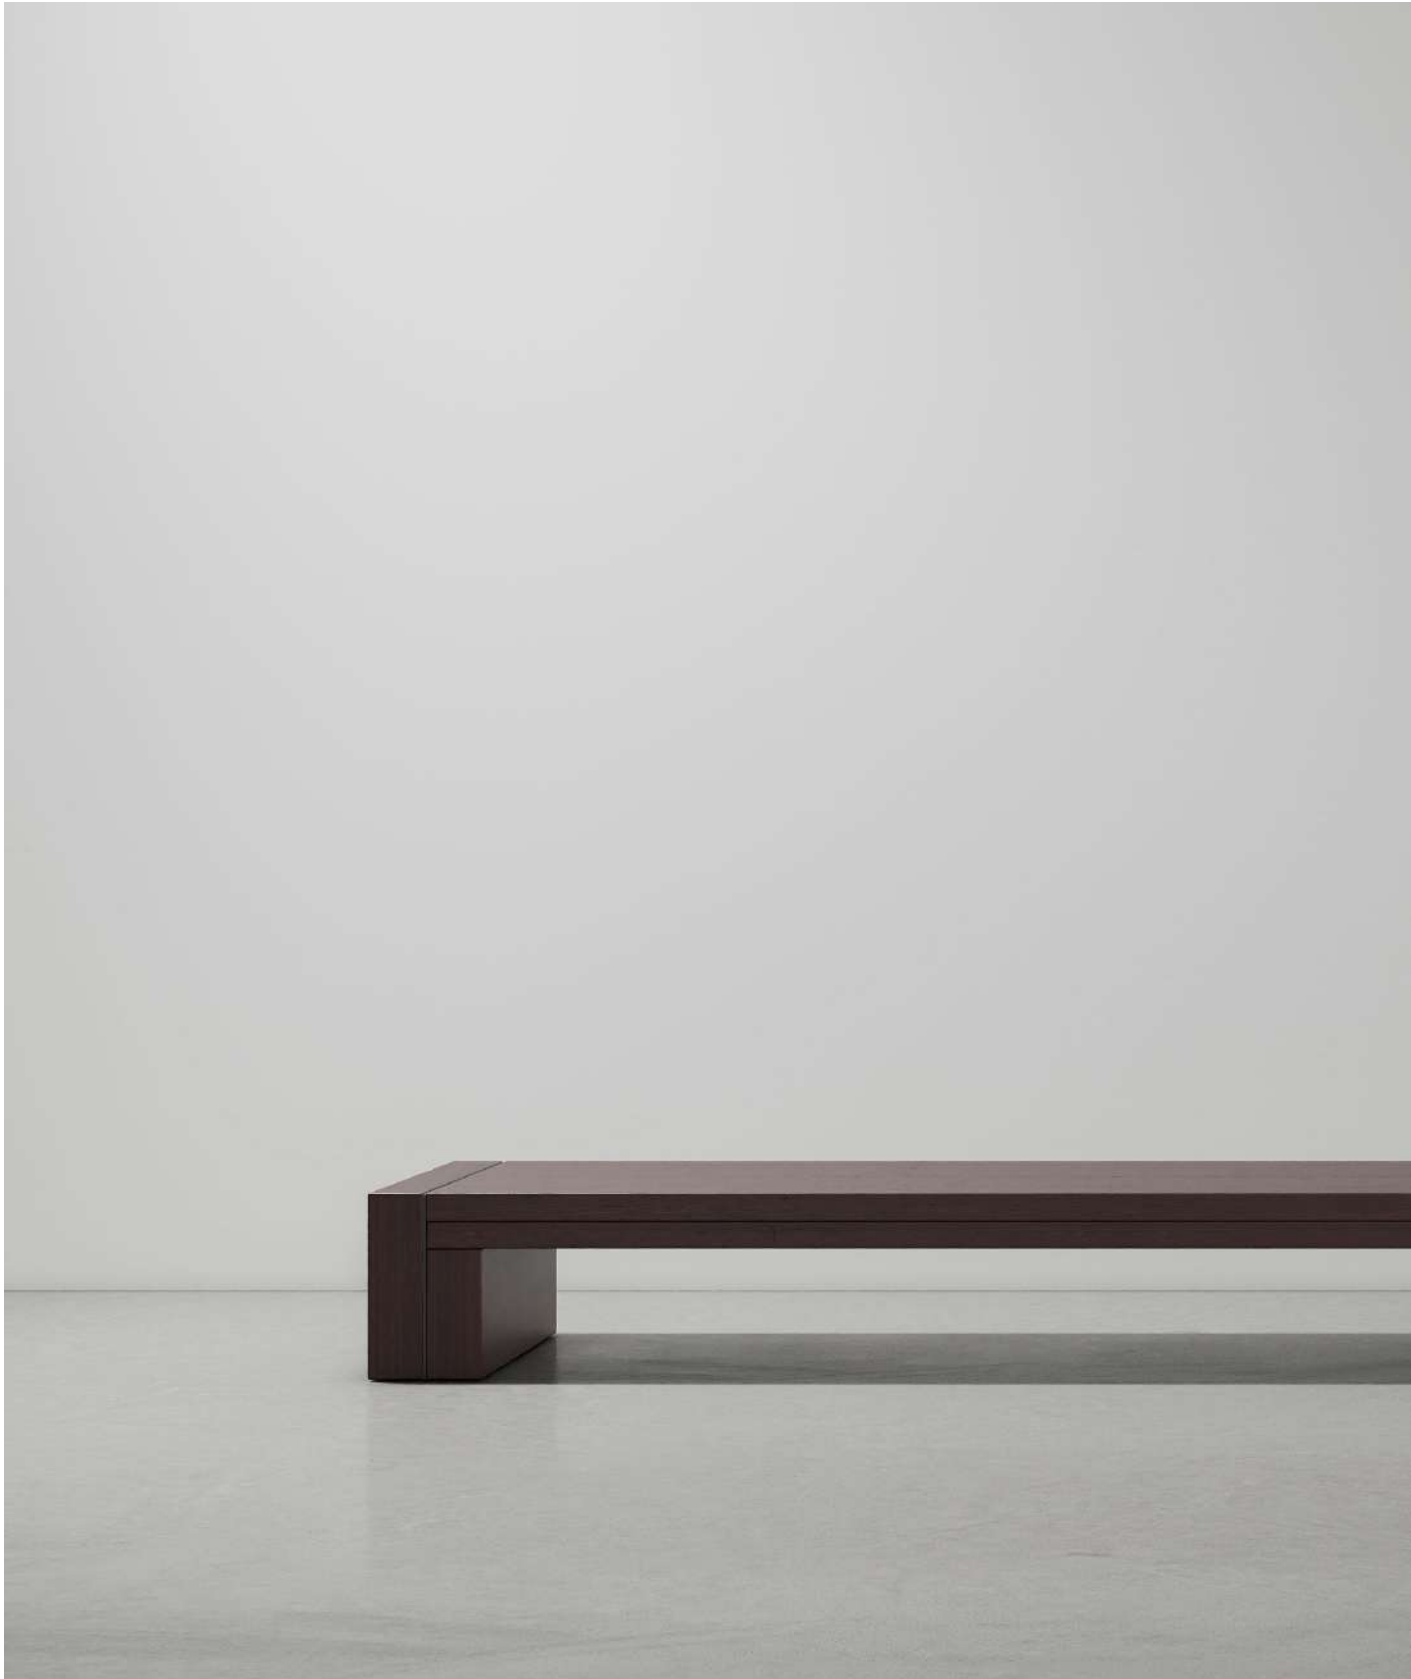

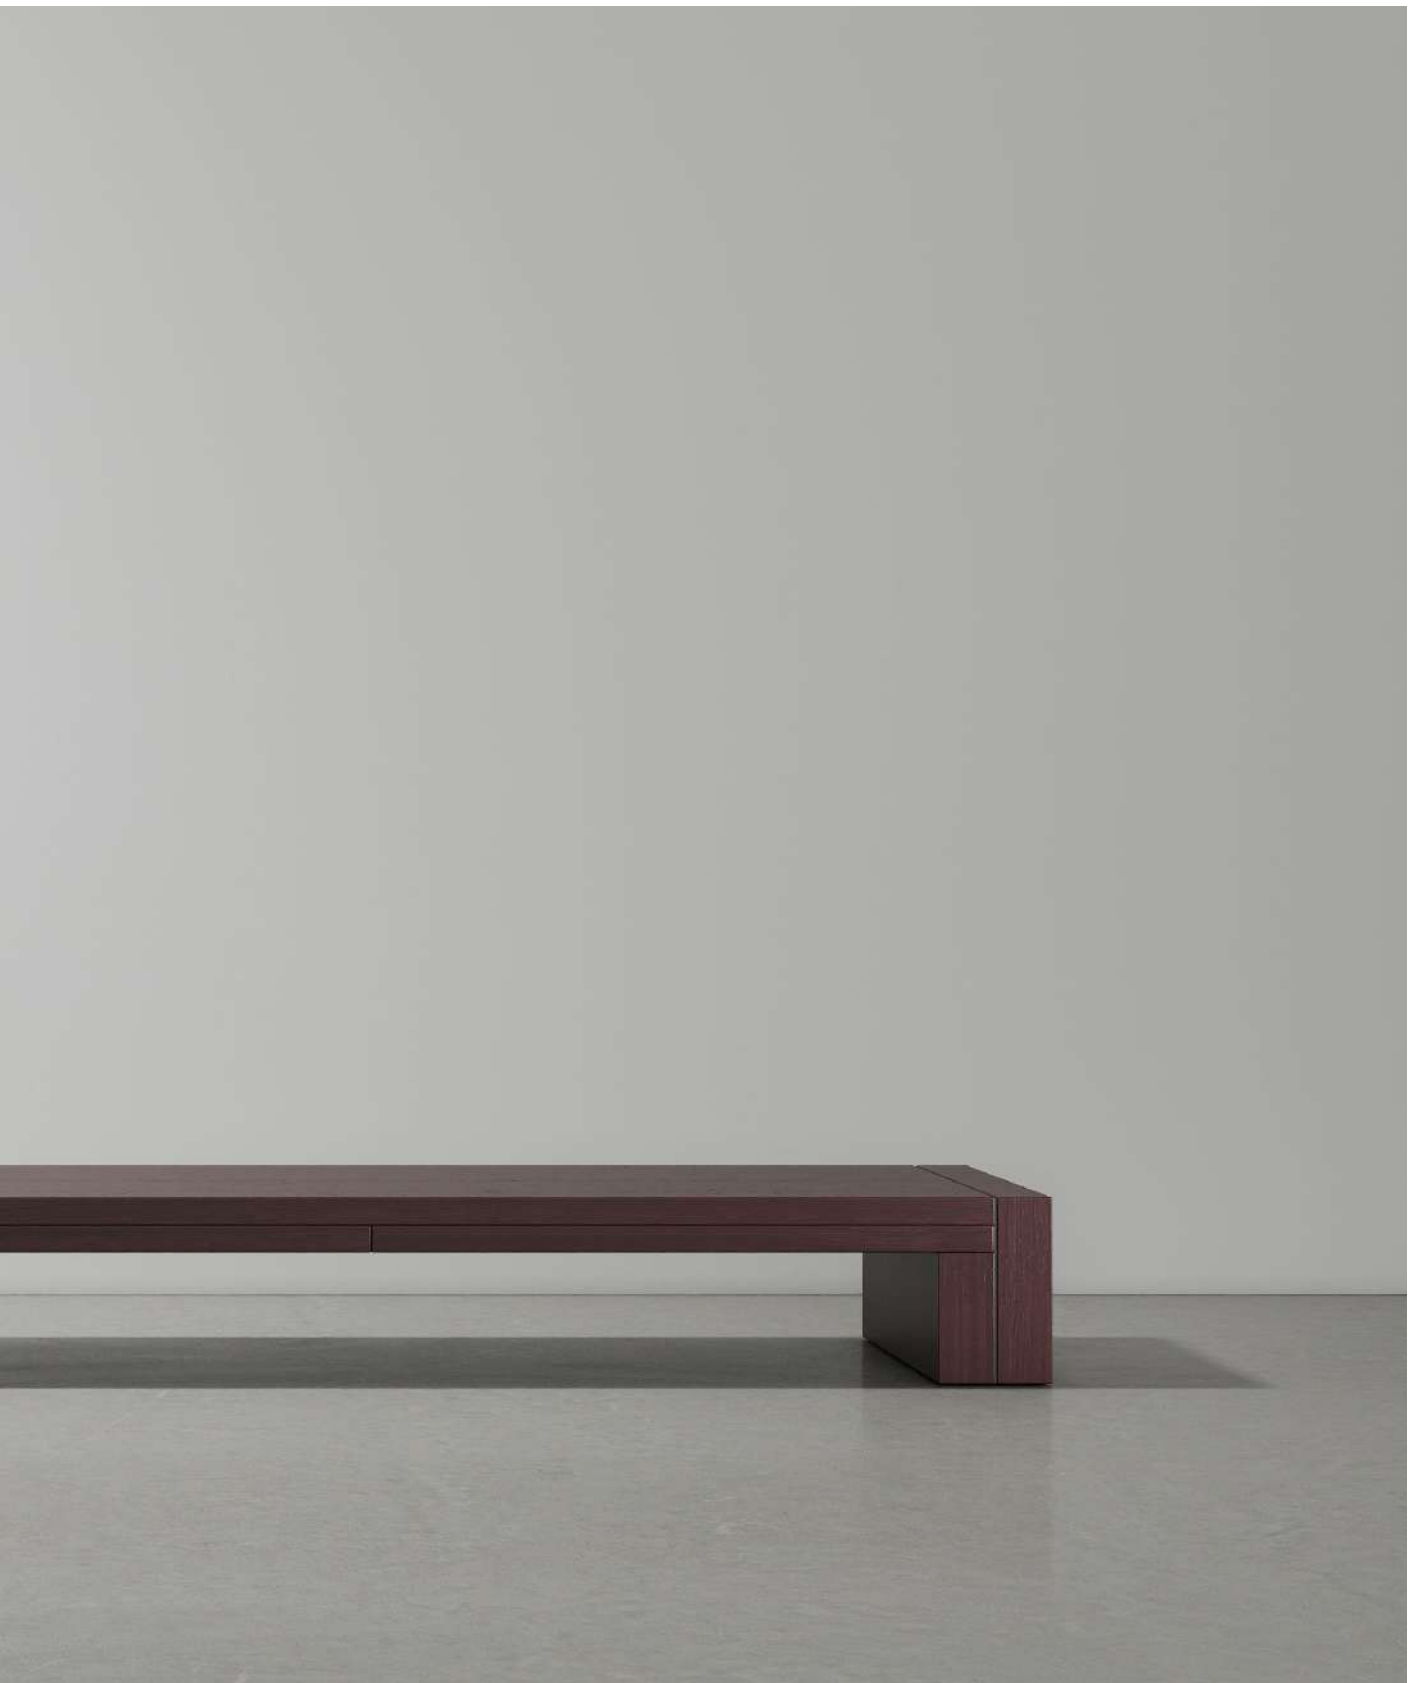

The Limen collection, designed by studioutte for District Eight, features a family of tables based on a portal shape reduced to its purest form. Each piece is crafted from padouk or oak with inlays in blackened steel.

"The collection is an homage to a radical timeless elegance, suspended between Eastern influences and a minimalist approach. It aspires to silently enter the most intimate domestic spaces as if it had always been there."

JOSS

*Designed by
Toan Nguyen*

Joss is a clear illustration of the fact that, in design, the quest for simplicity is the result of a complex journey. Creating a monolithic sofa characterized by exceptional seating comfort and coverings that emphasize the roundness of the volumes while maintaining a clear definition of the edges through particular attention to the seams is challenging.

Joss oak bases, whose natural tones are the result of an ingenious process developed by District Eight, are characterized by an upper curvature, a declared reference to ancestral elements of Southeast Asian architecture.

**"IF JOSS CONCEALS DETAILS THAT ATTRACT THE
EYE AND THE HAND WITHOUT OSTENTATION, IT
IS HARMONY AND SERENITY THAT PREVAIL."**

STILT

*Designed by
Toan Nguyen*

Its conscious and no-frills design underlines District Eight's distinctive vision to articulate Vietnamese storied craftsmanship from a contemporary perspective - one that's inspired by European ingenuity, and resonates with people all over the world.

With the sofa and Lounge chair, separate back and seat cushions gently slot into a slender wood platform that comes in either leather or fabric upholstery. Together they're supported by a sinuous frame, whose seemingly simple structure pays homage to traditional stilt houses found in Northern and Central Việt Nam.

That bearing base consists of elegant wood beams and steel bars, laboriously worked on and sturdily unified by recessed joints of discerning precision. Such details also pertain to the collection's table set, providing support for its solid oak top.

A new interpretation of District Eight's signature forms and materials, the collection eloquently captures the beauty of design and the mood of modern-day living in an ever-changing world.

**"STILT IS THE RESULT OF A QUEST FOR
HARMONY IN CONTRAST."**

A delicate balance between understated clarity and intuitive elegance, the Stilt Lounge chair is outfitted with enveloping cushions that relax the body along the line of an ergonomically reclined platform, while providing tactile comfort thanks to their minute construction.

The Stilt Ottoman is drawn from the collection's sense of harmony and naturalness, brings in a pleasing complement to Stilt's extensive lineup, and accommodates space for everyday rest and leisure.

Part of a broader collection designed by Toan Nguyen for District Eight, the Stilt Chaise Lounge is an expansion on the charm and ingenuity that Stilt is beloved for. Its steel and oak base is signature of the collection, alluding to traditional stilt houses in Southeast Asia.

The reclining frame, crafted from oak and upholstered in leather or fabric, is ergonomically contoured, and attached with a form-fitting layer of foam to provide comfort. Also comes with an adjustable headrest, the Stilt Chaise Lounge makes a calmed cocoon for ultimate relaxation in your interior settings.

INUMBRA

*Designed by
Michele De Lucchi*

Inumbra is a collaborative study between Michele De Lucchi and District Eight, resulting in reinvention of modular components that build a shelving system. From sculptural stature to discreet details, Inumbra captures the Italian architect and designer's unique expressions, while highlighting District Eight's technical capability in pared-back utility and clarifying aesthetic.

The structural elements are as easily assembled as seamlessly adjustable to varying needs and tastes. With unexpected rhythm and compositions, Inumbra poses a refreshing expression that casts new light on a long-standing staple.

" INUMBRA IS AN ARCHITECTURAL OBJECT OF IMPOSING PRESENCE. IT RESPONDS TO THE FLUIDITY OF BEHAVIORS IN AN INCREASINGLY INTERCONNECTED WORLD, WHERE THE LINES BETWEEN PRIVATE AND PUBLIC SPACES ARE BLURRED AND INFLUENCING EACH OTHER."

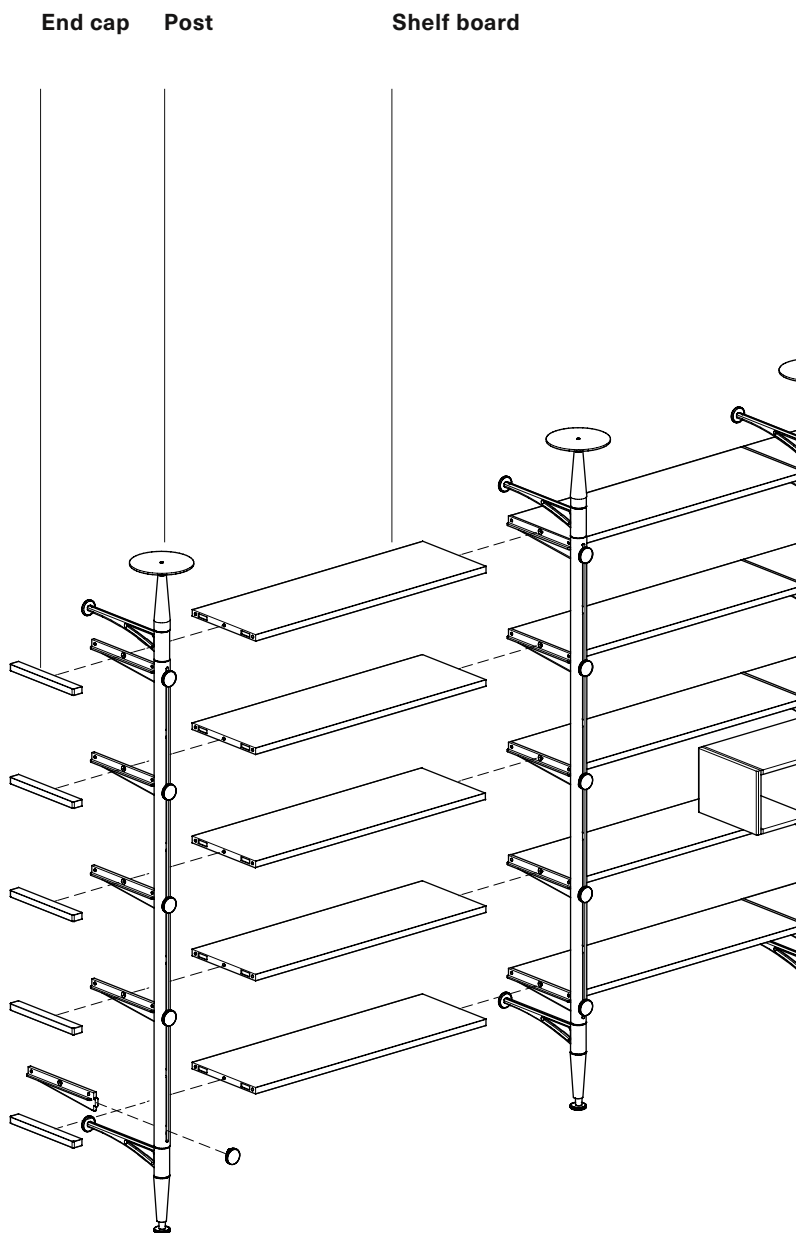

PROJECTING ELEMENTS

End-caps are designed with built-in magnets that allow easy attachment to shelves.

The post's footer can be adjusted up to 7mm.

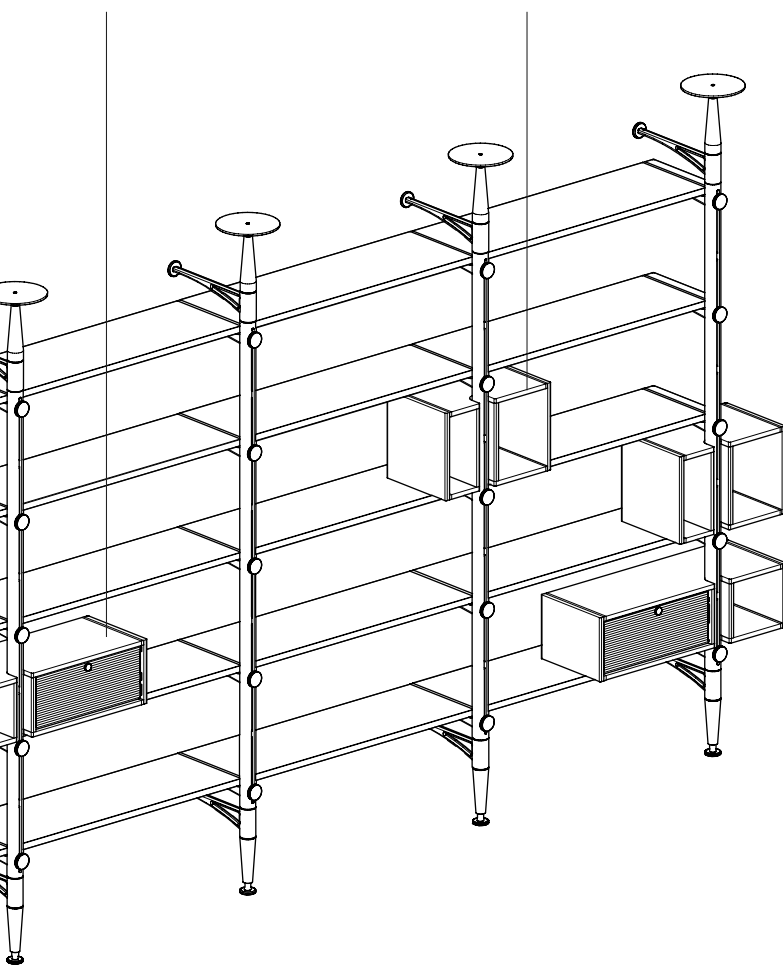

Cabinet with drawer

3007-W1DR

Cabinet

3007-CABN

The brackets come in fitting options that allow flexible spacing between shelves. Inumbra can accommodate a wide range of displays, including books and folders, objects and rarities, among many other collections.

Cabinet and cabinet with drawer are reversible and fixed to any desired place on the shelving system.

Inumbra can be configured to specific needs. From variable width and height to positional cabinets, units can be added over time. It is precisely the multiple combinations and different positions of the elements on the structure that give it an unexpected rhythm, while still maintaining a motif of linearity and utilitarian usage.

LOLA

Lola tells a simple story of curves and lines - the geometry of amplexness. To achieve a clean look with encompassing comfort, Lola upholstered backrest is elevated to wrap elegantly around a generous seating cushion by a solid timber frame. This welcoming design is completed with pipping details that neatly trace and define the upholstery profile. Lola envelopes the sitter in comfort, encouraging relaxation and engagement.

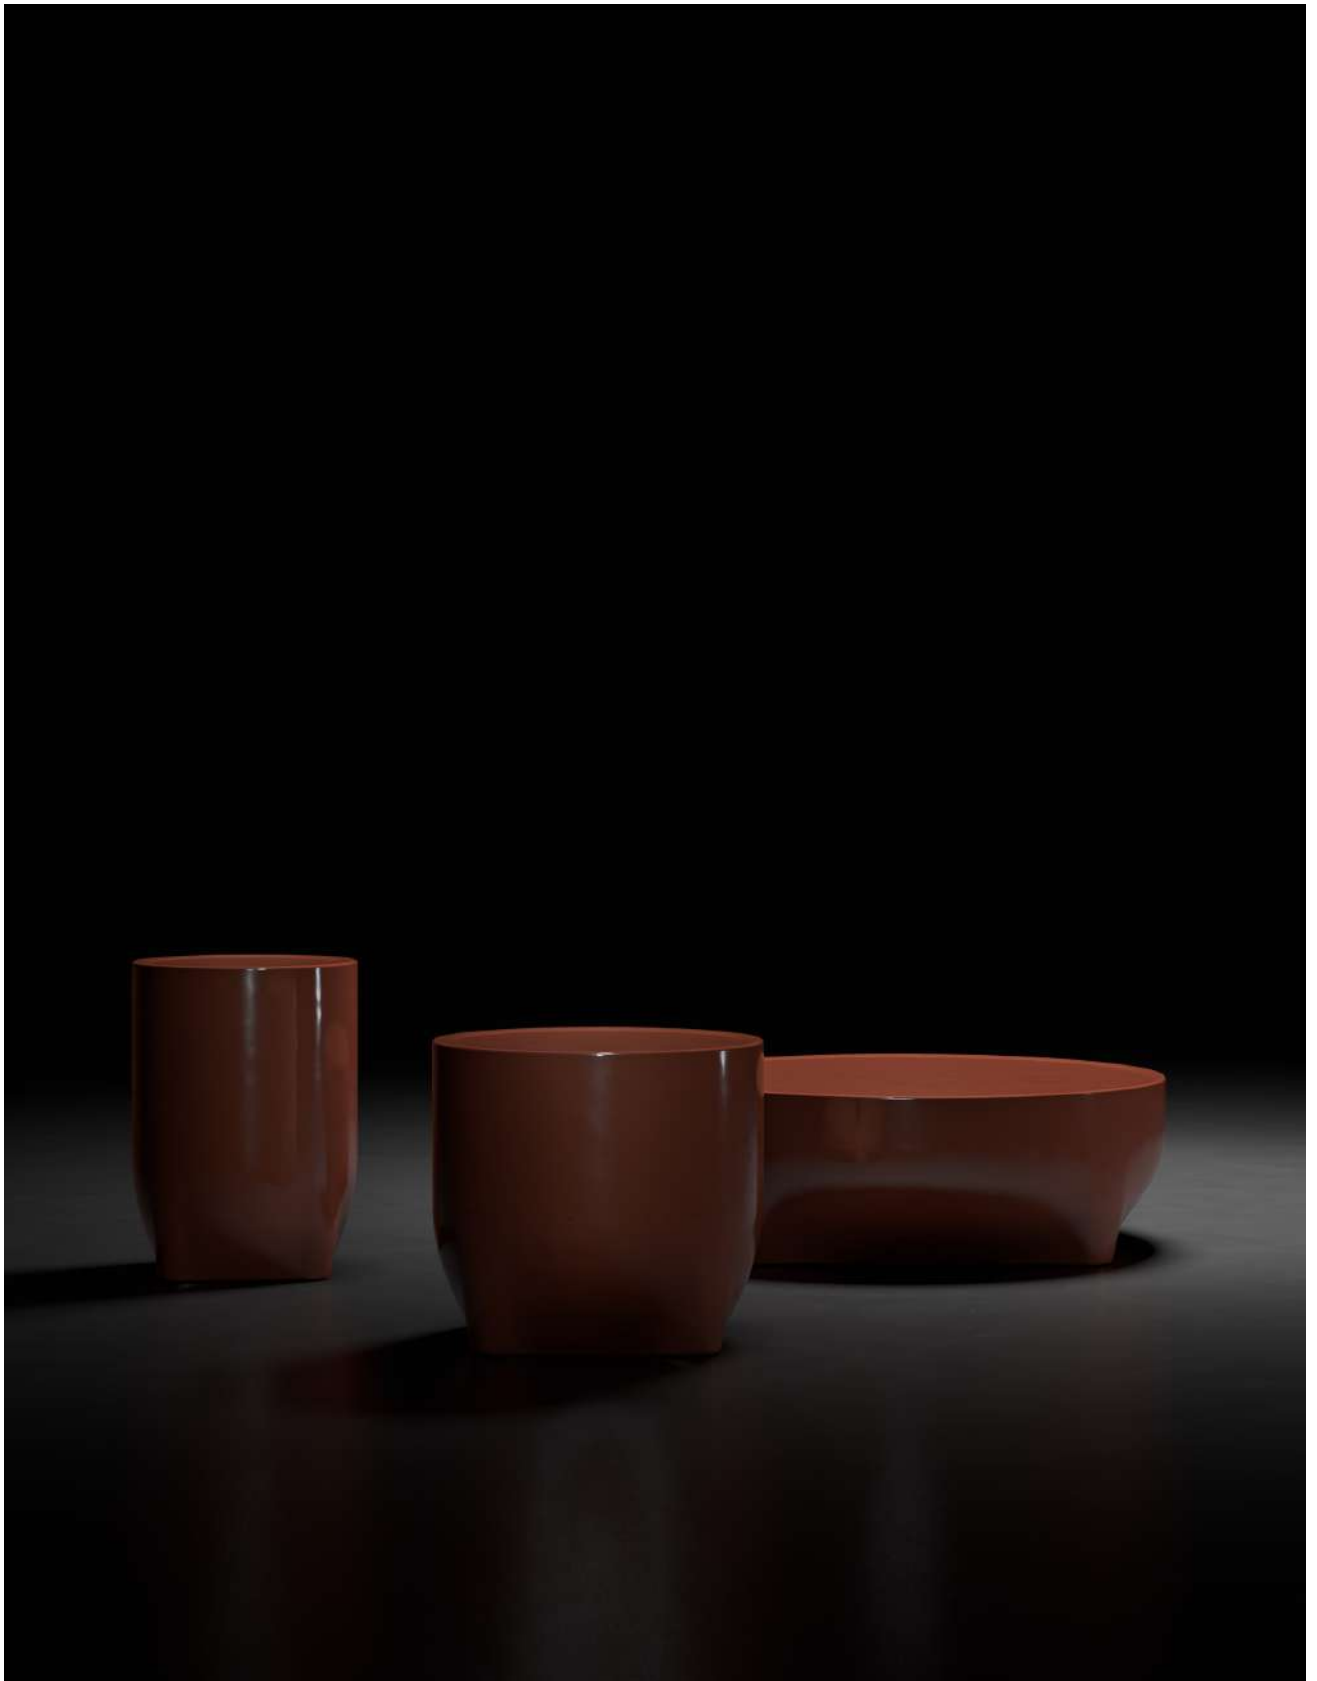

GUI

The GUI collection embodies the resilience and spirit of Vietnam's highlands through its interpretation of the traditional Gùi – a woven back-basket. Each table, available in three sizes, mirrors the Gùi's shape - a round top symbolizing the sky and a square base grounding it to the earth, reflecting a cycle where the sky nourishes the land.

The collection's lacquered finish nods to East Asian artistry, celebrating centuries-old techniques while bringing a touch of contemporary sophistication. This intersection of culture and modern design gives the GUI tables their unique narrative depth and versatility for various living spaces.

HIDA

Hida Collection offers a seating lineup that embodies effortless style and comfort. With its upholstered seat resting elegantly on sturdy, rectangular-shaped solid wooden legs, the collection presents a reliable and visually pleasing structure.

The option to feature two types of upholstery allows for intriguing texture configurations, further complemented by the practical leather strap on the back. Hida strikes a balance between aesthetic form and versatile practicality.

KNOT DINING TABLE
Ebonized Oak

KNOT

Knot finds inspiration from the intricate weaving patterns in Asian traditional handicrafts, and reimagines them as beguiling details for solid oak tables. Through masterful woodworking, the legs are interlaced in a visual rhythm that evokes a sense of lightness and fluidity. The result is a well-balanced structure that can lend original appeal to most contemporary spaces.

Available in round or rectangular variants, they offer versatile finish options and sizes to suit your personal preference.

& WALL SHELIVING
Dark Seared Oak

Drawing from the timeless art of weaving, the Knot Dining Chair embodies strength and fluidity. Influenced by the intricate patterns and durability of knotted structures, it features a solid oak frame and a curvilinear backrest, echoing the natural tension and release found in knotted forms. The design provides both aesthetic appeal and supportive comfort, reimagining traditional techniques for contemporary dining spaces.

AMES

Ames is a collection of bar, counter and dining chairs. Laid-back, almost egg-like in shape, and fanning out towards the seating cushion on both sides, the design's backrest is constructed from wood frame then fully upholstered in fabric or leather. In place of hidden joints, the chairs' tapered oak legs are extended upwards onto seating cushions and backrests, affixed with brass details.

ASSEMBLY

The Assembly dining chair is built on sculptural oak frames with tapered legs, offering comfortable and durable leather seats. The backrest is crafted with cast aluminium in the mold of wood grain texture, leaning into our signature interplay of materials and techniques. Assembly is available with or without armrests, along with various wood and leather finishes for your personalization.

DRIFT

Drift is a collection of wall-mounted desks, shelves, cabinets and drawers that create the perfect storage system for home and office. These fit-for-purpose modules can be sized, combined and configured according to your exact need and space. Every Drift module features a hand-polished steel top, offering tactile contrast with their sturdy oak frames and inviting tasteful arrangement of your everyday objects. Cabinets and drawers are fitted with brass pulls for gratifying hand feel and seamless use.

TOTE

A collection of cabinets, credenzas, dressers and tallboys, Tote honors the simple pleasure of personal keepsakes, collected curiosities, and organized routines. Streamlined in form and function, the collection's standard builds with drawers and/or doors are crafted in oak.

Subtlety for details is highlighted upon the evenly contrasted steel legs, while the highlight awaits in Tote's hand-crafted handles – outfitted in high-quality leather, they provide tactile pleasure and warmth upon touch. The collection is a testament to how everydayness can be elevated to edifying revelations.

Modeled on the exacting standards of our beloved furniture, the Chess Set by District Eight combines the sheer beauty of materials with authentic inspirations from Vietnamese court attires of yore, resulting in unique pieces for keeps and magnetic hours of play.

The chessboard is constructed of smoked oak and ash wood, meticulously hand-picked and refined to perfection, and equipped with cylindrical steel legs for weight support and easy pull. Cast in aluminum with brass and black finishing, the stylized pieces are padded with felt to provide sensory comfort for players.

CHESS SET

BABELE

Designed by studioutte, the tray is composed of blackened steel and clean lines. Its monolithic block base anchors a thin square dish that gently slopes down toward the center. Available in two sizes – large and medium, the trays can be stacked on top of one another, resulting in a sculptural arrangement that echoes the tiered structure of Asian pagodas. Babel makes an elegant display for objects and knick-knacks, unfolding versatile styling for contemporary space.

PIPE

The Pipe vase by studioutte is designed to bring design of natural grace to your everyday life. Its cylindrical, softly concave shape draws inspiration from the internodes of bamboo, a traditional craft material and literary symbol in many Asian cultures. Its hand-painted lacquer coating comes in black or oxblood color. Pipe is a simple yet charming decorative piece, a fine accent of relaxed harmony for any living interior.

STYLE INDEX

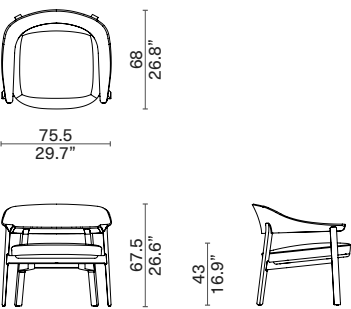

The drawings refer to the compositions as shown in the pictures. For further information on availability on sizes, we kindly ask you to get in touch with our stores.
